Vs1

You took upon your shoulders
The weight of my failures
And you stole my heart from this world
And you gave me life, yeah gave me life

Vs2

And every else of my hope
I'm throwing in your hands
So take my life and live it
For none but you

Chorus

Let my heart trust in you, let my fear fall
Let your love carry me through it all
And I will hold onto you even through pain
Wont you take me away, take me away with you
Wont you take me away, take me away
Take me away with you
