Vs1

I found redemption
Grace that keeps me here
Love that never fails

For those who lost their way
You are the answer
You are my guaranty

Chorus

With bended hearts
And opened eyes
We'll tell the world
That you're alive

Vs2

Darkness trembles
When we speak your name
Beginning and the end

And the apathy
Break the silents
Church of God arise

Chorus

With bended hearts
And opened eyes
We'll tell the world
That you're alive

Bridge

We are not forsaken
Our faith will not be shaken
You are the truth that will remain
No matter what the world will say
