La da, da, da
La da, da, da, da, da
What? Uh-huh What? What? What?
La da, da, da
La da, da, da, da, da
Uh-huh What? Uh

Remember, when you said loved me
When you said you wanted me
That night in Philly
Used to call me papi
And I called you mami
Cristal and cd's
Let you hold my car keys
Being with C.C.

Now you wanna front
Like you don't know me
Girl you act like you don't know me
Now you're hanging out with celebrity
When I see you be all low key
Now I'm not the one with the PHD
Look at you actin' all shady
I just knew you when you were chasing me
Now you're hanging out with celebrity

What? What? What? What?
What? What? What? What?
What? What? What? What?
What? What? What? What?
What? What? What? What?

I treated you royal
And i used to spoil ya
I paid your bills on your motorola
I flew you over enchanted borders
Like a true baller
Where is your morals?
You used to be loyal

Now you wanna front

Like you don't know me
Girl you act like you don't know me
Now you're hanging out with celebrity
When I see you be all low key
Now I'm not the one with the PHD
Look at you actin' all shady
I just knew you when you were chasing me
Now you're hanging out with celebrity

What? What? What? What?
What? What? What? What?
What? What? What? What?
What? What? What? What?
What? What? What? What?

See I was the one
I was the one who dropped you off
When your ass didn't have a car
And I was the one who gave you money
When you was broke without a job
I was the one who paid your bills
When your cellular was off
And I was the one who worked two jobs
To help you pay your taxes off

Now you wanna front
Like you don't know me
Girl you act like you don't know me
Now you're hanging out with celebrity
When I see you be all low key
Now I'm not the one with the PHD
Look at you actin' all shady
I just knew you when you were chasing me
Now you're hanging out with celebrity
