"Someday"

Someday, I'm gonna have a pot to piss in
Someday, I'm gonna know what I've been missing all
along
Someday, I'm never gonna say goodbye
Someday, we'll all see through the same two eyes
And the blind will see that
Everything is real

Someday, I'm gonna get to hold a dollar
Someday, no one will be any smarter than anyone else
Sunday, the ugly man will be handsome
Monday, the backsliders wont be held for ransom
So come on home
Everything is real
It's all real
