Blue lights shining through my window  
I've been driving for days  
You on the other hand  
You're always sorry for things you've done  
Well I kind of wished you'd stay  
Yeah  
Hey

Ooh  
Doesn't anybody know the way out of here  
Would they know  
Could they show the way back home  
Gotta go  
Gotta go  
I could lose it all in here  
All in here  
Don't need your rhyme or reason  
No

Lonley  
Winding  
Black top highway  
Ah  
Gotta keep these secrets in the dark  
Don't you think I'd listen to the words that you say  
Those same words in my head were the kind that wish  
you'd stayed  
Yeah  
Ah

Ooh  
Doesn't anybody know the way out of here  
Would they know  
Could they show the way back home  
Gotta go  
Gotta go  
I could lose it all in here  
All in here  
Don't need your rhyme or reason  
Oh no

Still you say, "Take it easy"  
Yeah  
You say, "Take it easy"  
So c'mon

Take it easy  
Take it easy  
Baby we're almost home

Take it easy  
Take it easy  
C'mon

Take it easy  
Take it easy  
Baby we're almost home

Take it easy  
Just take it easy

Doesn't anybody know the way out of here  
Would they know  
Could they show the way back home  
Gotta go  
Gotta go  
I could lose it all in here  
All in here  
Don't need your rhyme or reason

Doesn't anybody know the way out of here  
Would they know  
Could they show the way back home  
Gotta go  
Gotta go  
I could lose it all in here  
All in here  
(No)  
Don't need your rhyme or reason

Yeah
