Verse 1:

I feel the tears that you cry
I see the pain in your eyes, its calling to the heart of me
I heard the words that you spoke in your mind
Saying today there's no hope but i just want to let you
know
Troubles won't last all night (God would see it through
the evening)
You're saying there's no use for your life (He's the man
to worship)
Even when things ain't so right
But i try to sing out your song through the night
You feel so broken; it's got you crying through the
midnight
There's no use in hoping that everything will work out
right
All that you see is the worst day of your life
And now you feel like you're dying on the inside

Chorus:

Troubles won't last through the night
(God would see it through the evening)
You're saying there's no use for your life
(But he's the man to worship)
Even when things ain't so right
To sing out your song through the night
Troubles won't last through the night
(God would see it through the evening)
You're saying there's no use for your life
(But he's the man to worship)
Even when things ain't so right
To sing out your song through the night

Verse 2

And when the days at its end just know in Christ you've
got a friend
Who'll stay through the storm, who'll say and it won't be
long
Till brighter day shall be restored and hurt and pain
shall be no more
My child don't give up, my child don't give in.

(Chorus)

Troubles won't last, won't last,
won't last, your troubles won't last
Troubles won't last through the night (night)
Troubles won't last through the night(night)
Troubles won't last through the night (night)
