(Joan Jett)

I think the Russian's got a weather machine
I think they're planning a takeover scheme
Doin' a good job on our countryside
They want to be our friends, but it's an obvious lie

They buried New York and they drowned L.A.
Sometimes I wonder if I'll see the next day
I know the Russian's are behind this shit
No ones goin' to know it until it's too late

Takeover they're taking over
How long till they get everyone
Takeover they're taking over
How can we be so dumb

They asked us for our help to rip China down
They want to rule every city want to rule every town
I can't stand the thought of what might happen to us
I get so confused I don't know who I can trust

Takeover they're taking over
How long till they get everyone
Takeover they're taking over
How can we be so dumb
