Brain: Listen, listen what I have to say
Dude: Nobody matters, you are here in my head
Brain: Psychosomatics?
Dude: No fucking way
Brain: If you don't hear me you will go insane
Dude: Shut up
Brain: Me?
Dude: Shut up and let me think
Brain: That's very funny you can't think without me
Dude: I have a bullet for you and me
Brain: What!
Dude: You better stop me, I'm finishing this

Cigarettes, coffee, beer, pills
Brain: You will throw me away from you
Dude: So what?! I don't care!

Dude: Breakfast?
Brain: (fatty) I didn't mean to eat
Dude: Somebody has, I'm thinking on it
Brain: You are such an asshole
Dude: You are very boring
Brain: I'm not so boring, I just need to breed
Dude: So tell me
Brain: Yes?
Dude: What do you have to say?
Brain: You are burning me with that stuff. Is that ok?
Dude: No!, It's my life, it's my choice, it's my way
Brain: Don't fuck me up cause I'm going away

Cigarettes, coffee, beer, pills

Brain: Shut up!

Brain: You will throw me away from you!
Dude: So what?! I don't care!

Brain: Bye, bye
