boys you won't remember
from the minute
you walked into the room
every letter started brokenhearted
and ended way too soon

lived through underrated
getting jaded
to wind up with no one
hiding in new places getting wasted
singing "i guess we're done"

i don't want you to wonder why
i don't want you to wonder why
won't do any good
you don't know what you got into
until you know when it's all gone, gone...

i don't feel the need to try and explain
excuses sounding insane
you're gonna find, you're gonna find
i've been knocked down
but i've stood up
down off of the ground
but i've stood up
lost without a sound
but i've stood up
to faced another round
but i've stood up
you want me, you want me...

i don't know what you got on me
even in just you wait and see

i dont feel the need to try and explain
excuses sounding insane
you're going to find
you're going to find
i'm feeling down
but i've stood up
down off of the ground
but i've stood up

lost without a sound
but i've stood up
to face another round
but i've stood up
you want me, you want me
