Been trying so hard to hold my emotions back  
But no matter how hard I try to ignore my heart  
There is no denying how good to me you are baby

..

It's kind of deep I'm falling for you  
(falling)  
It's kind of deep and I don't know what to do  
(I don't know what to do baby)  
It's kind of deep I'm falling for you  
So deeply I'm falling in love with you

..

We've only known each other for just a short time  
That's why I can't believe the way I feel inside  
but ever since that night you made sweet love to me  
you've become the star of all my dreams

..

It's kind of deep I'm falling for you  
(I'm falling for you)  
It's kind of deep and I don't know what to do  
(I just don't know what to do)  
It's kind of deep I'm falling for you  
(falling for you)  
So baby I'm falling in love with you  
(in love with you)

..

I can't explain it, what you've done to me  
Why do I feel so lovely when you're touching me  
I can't explain it, how it feels baby  
the way you're holding me, I'm in ecstasy

..

It's kind of deep I'm falling for you  
(it's kinda ... ooh baby, I don't know what to do)  
It's kind of deep and I don't know what to do  
(you got me thinking about you)  
It's kind of deep I'm falling for you  
(yes it is, yes it is so deep baby)  
So deeply I am falling in love with you  
(falling, in love, with you)  
It's kind of deep I'm falling for you  
(you're everything I need in my life)  
It's kind of deep and I don't know what to do

(I need you in my life)  
It's kind of deep I'm falling for you  
(falling)  
So deeply I am falling in love with you  
(falling in love with you)  
So deeply I am falling in love with you  
(falling, falling)  
So deeply I am falling in love with you  
(falling in love with you)  
So deeply I am falling in love with you
