Well you can do what you wanna do...
& you can say what you wanna say.
You can do what you wanna do.
Gotta tell ya baby - you & I are through yeah !

What ya gonna do when someone lies?
Do you have to make someone pay?
What ya gonna do when someone cries?
Gotta tell ya baby, one day it could be you yeah!

You tell me that we're boring, you tell me that we're
blue....
Grass is greener on the other side.
You mess me up, you mess me round,

you put me up then pull me down...
I gotta put an end to this before you break my pride.

You can do what you wanna do...
& you can say what you wanna say.
You can do what you wanna do.
Gotta tell you baby - you & I are through yeah!
