Your birthday presents,
letters and your photographs are all remnants of a
better day.
Time has passed us by
And now it seems to me that we are different in so
many ways.
"Come Back" you cried to me,
but I could not believe that we could ever work it out.

Now I feel so lonely, I have changed my mind,
well there's an element of doubt.
But I've tried, to find a way,
I've tried to look for something new.
I've tried to find a way, but what is there for me to do?

No matter what I'm doing,
No matter what I'm saying yeah I'm still thinking of you.
I've tried my very best to cover up the truth,
but I'm still thinking of you... still thinking of you.

We're on and off and when we're on we're up and
down,
but I admit that we have had some fun...
and if I had to spend my life with just one girl,
well I would say that you would be the one.
But words are cheap and so am I, so lets talk facts,
there are more girls in this world than you.

It won't be long, one day soon I'll find the strength and
you and I will be through.
But I've tried, to find a way
I've tried to look for something new.
I've tried to find a way, but what is there for me to do?

No matter what I'm doing,
No matter what I'm saying yeah I'm still thinking of you.
I've tried my very best to cover up the truth,
but I'm still thinking of you... still thinking of you.

I've heard it said that only time can heal all wounds
and breaking up is hard to do.
But do I have to spend my time with just one girl,

do I have to spend my life with you?
"You let me down" you said to me,
but I could not believe that we could ever work it out.
Now I feel so lonely and I have changed my mind,
well there's an element of doubt.
