This is a song about a girl I met  
Who would knock you off your feet but then kick you in  
the head  
She looks so normal, she seems fine at first  
But once you get to know her it's a world of hurt

She acting like we're married, in her crazy way  
Talk's bout commitment and how I have to change  
She's saving all my money for a rainy day  
But I wouldn't want to spend it on her anyway

I fell in love with a psycho girl  
No I can't get enough of my psycho girl  
Once she's in your system, there's nothing you can do  
So stay away, stay away from my psycho, psycho girl

Well no one's ever worked out how she got this way  
Has she got something to prove, or is she just insane?  
Another different drama with her everyday  
It's like living in a freak show that I can't escape

She's acting kind of schizo and I don't know why  
Is it me, or is she just like this all the time?  
She's got an attitude that changes nearly everyday  
Her fucked up world is more than even I can take

I fell in love with a psycho girl  
No I can't get enough of my psycho girl  
Once she's in your system, there's nothing you can do  
So stay away, stay away from my psycho, psycho girl

She looks so good to me  
And I can't get her out of my mind  
She seems like a dream come true  
But she's a nightmare of the worst kind  
She keeps me up at nights  
Going round and round in my head  
But with a girl like that  
You know you'd be better off dead

I fell in love with a psycho girl  
No I can't get enough of my psycho girl

Once she's in your system, there's nothing you can do  
So stay away, stay away from my psycho, psycho girl
