The job is done the lights go out
Another boring day
The roaring silence in my ears
So many worlds away

I meet my girl, she's dressed to kill
What are we gonna do
Let's walk around to catch the thrill
on streets we call the zoo

CHORUS:

Let's eat the night, let's drink the blood
Make all your dreams come true
And hungry eyes are passing by
On streets we call the zoo
(x2)

SOLO

Enjoy the zoo
And walk down 42nd Street
You wanna be excited too
You will feel the heat

REPEAT CHORUS
