You think you know me

On this day I see clearly everything has come to life  
A bitter place and a broken dream  
And we'll leave it all, leave it all behind

On this day its so real to me  
Everything has come to life  
Another chance to chase a dream  
Another chance to feel  
Chance to feel alive

On this day I see clearly everything has come to life  
A bitter place and a broken dream  
And we'll leave it all, leave it all behind

I'll never long for what might have been  
Regret won't waste my life again  
I won't look back  
I'll fight to remain:

On this day I see clearly everything has come to life  
A bitter place and a broken dream  
And we'll leave it all, leave it all behind

On this day its so real to me  
Everything has come to life  
Another chance to chase a dream  
Another chance to feel  
Chance to feel alive

Fear will kill me, all I could be  
Lift these sorrows  
Let me breathe, could you set me free  
Could you set me free

On this day I see clearly everything has come to life  
A bitter place and a broken dream  
And we'll leave it all behind

On this day its so real to me  
Everything has come to life

Another chance to chase a dream  
Another chance to feel  
Chance to feel alive
