Rikishi, you was lucky when you beat me,
But in a verbal battle, nobody can defeat me,
And I'm completely unaffected when you taunt me,
It's not my fault that all these ladies want me!
It's not my fault that I got tha betta body!
This is B-Squared and he's my one-man posse,
You wanna see a thug? Turn around and take a look,
You're just another dude who came up short from Red
Hook,
This battle was over way before it even started,
You against me? That's totally retarded!
Me and B2 is was too nice for this place,
Yo Kish, hows it feel to get the verbal stinkface,
Word Life!!
