Here comes Fuanki. Ah, Smackdown. Numbah One.
Announcah. He approaches John
Cena and says he is going to, "Speak you
language. Fuanki then pulls his
shirt out (it was tucked in) and pulls out a Smackdown
hat, putting it on
sideways (Cena: "Oh no. You didn't with
the hat. You didn't with the hat!
CLASSIC!) It was GREAT!! Funaki then pulled a paper
out of his pocket and
began the interview.
Funaki: "What up. Dog.
Cena: Spin that slang? Better think twice.
All you know about dogs is how to make them fried
rice.
But the Thuganomical walk is going on this night.
Brock Lesnar better be ready for the true untouchable
tonight
Brock Lesnar is getting smoked.
Word life.
Cena then slapped Funaki's hat off his head and
walked off. A confused
Funaki ended the skit by saying, "Word
rice?"

This is serious now. Kill the beat.
Yo.
People think I'm crazy. That's what everyone is telling
me.
That me beating you is like you winning a spelling bee.
That's okay because tonight I silence them all.
You're a Neanderthal. So I'll use words that are small.
"Big Brock Lesnar. Here comes the pain!
God build me strong. Forget to give me
brain.
You hop around all day like there's potatoes in your
crack.
That's a nice tattoo you have. Of your mother on your
back.
Yo. I'm untouchable you can't beat my ability.
I'm like a basic match problem Brock. You just can't
finish me.
