Man I got screwed at Backlash so I'm out here to
discuss this,
I won the match it was a miscarriage of justice.
Everyone saw it Brock was tappin to my headlock,
Hell I beat Brock like the Mets beat the Red Sox.
Yo, I had him busted wide open, exposing all his weak
spots,
All he had on me was a few fricken cheap shots.
And everybody saw the ref was my downfall,
He was missing calls like Bill Bucker was missing
ground balls.
Not only did I beat Brock I made him quit,
I got no respect for that piece of S***!
