Yo Undertaker, you say I gotta learn the hardway? I got
a PhD in Thuganomics, I know everything there is to
know.

I know we should put you out to pasture, have a seat on
the porch,
You're scared to death to pass this new legend the
torch.

Change from Lucifer after Dead Man in a casket,
You mess with me, I'll put you to Hell in a hand basket.
Talking Hellfire, tellin' people you the devil,
You's a flamer punk and you're not at my level.
You can't sacrifice me, my name aint Mideon,
I'll go waco on your ass, like a Branch Davidian.
Tellin' people you the devil.. shoutin 666,
I claim heavenly Vengeance, and I'll make you my
bitch!
