Velocity is my property, I talk cockily  
Get up off of me cause I steam your ass like broccoli,  
You try to copy me cause you're jealous and mad at  
me,  
I look good with oversized brain capacity,  
I don't blame you, don't hate this future hall of famer,  
Hate that in any given second I can re-arrange ya, hate  
that my name spells danger,  
Hate that I hate ya, hate that you're a pawn and I'm a  
player,  
Lyrical principal, schools out I dismissed ya,  
You're all a bunch of trash go and sleep with your sista!  
Word Life!
