Yo, Yo, Yo, Yo. Chill, chill.

I'm preaching Thuganomics on Velocity,  
We're taking over the green screen.  
John Cena and Saturday night ?  
You couldn't find a better Dream Team.  
But I'm frustrated, we're underrated,  
We've got the best show in the world.  
I mean, Cat's always calling his Momma, and  
JoshÃƒÂ¢Ã¢â€šÂ£Ã¢â€šÂ£he ain't never kissed a girl.  
But that's OK you pipsqueak, I'm here to save you this  
week,  
And my Johnson is longer than a Joe DiMaggio hit  
streak.  
After the show, we can get out on a Hibachi,  
Drinking full bottles of sake,  
I'm battle-rappin' with Funaki.  
All the censors hate me, and the parents can't believe  
me,  
'Cause their kids throw up the double horns after  
seeing me on TV.  
Whether you like me, or you hate me, there's no way  
you can ignore me.  
They don't let me curse on TV ? I have the crown curse  
for me.  
You attack me, it's like acne, I'll pop you like a zit.  
'Cause when you're untouchable, you don't take no  
sh\*\*.
