They say your heart is made out of stone.
You've got me hanging by a string.
My friends all tell me you're bad to the bone,
Please be bad to me.
Chorus
Woaaaaaah
You're the one. (You're the man) The only one.
Hulk's the only one for me.
He's the man (He's the man) The only man.
Hulk's the only man for me.
You had me hooked from that very first look.
You had me down on my knees.
You turned on the charm, I heard the alarm,
I should have called the police.
Chorus x2
My friends all tell me I'm under your spell,
That I'm too blind to see.
You come on so strong, and then you are gone,
You turn the lights out on me.
Chorus x3
