Make up your mind  
Don't you want me  
Like I want to feel that touch  
That haunts me every night  
It felt so right

I just want you  
You know that I just want you  
I just want you there's no hiding  
I just want you  
Do you want me

So far away  
Another night alone  
Another day  
Another telephone call home  
But one day  
I'm gonna find a way to  
Make you stay in my arms till everafter comes  
Till everafter comes  
You are the one

I just want you  
There's no denying  
I just want you there's no hiding  
I just want you  
Do you want me

Got a feelin  
That it's time to make a change  
Got a feelin  
That things can't stay the same  
I feel my heart losing control

Don't you want me too

I just want you  
You that I  
I just want you there's no hiding  
I just want you  
Do you want me

I just want you  
I just want you  
I just want you  
Do you want me

I just want you  
I just want you  
I just want you  
Do you want me
