I know you want meeeeeee
I know you want me(I know you want me baby)
I know you want me(I can feel your eyes watching me)
I know you want me(I bet you loved to have your hand
on me)
I know you want me
I know that you want my love
Dirty thoughts
Dirty mind
I feel your eyes steering from behind(ya,ya)
You want my body
You want my touch
You want to do things you never discussed
I know your thinking about the thing that I could do to
you
I know your dreaming what you would do with me
I've seen the best of them all come and go
There's not a man out there who's man enough for me
I know you want me late at night(everyday)
I know you want me with the fresh morning light(all the
time)
I know you want me till' you can't get enough
I know you want me
I know that you want my love(I know you want me baby)
I know that you want my love(ooooohhhh)
I know you want me(yeah I know you want me)
I know you want me(everyday man)
I know you want me(oh yeah)
I know you want me
I know that you want my love
I know that you want my love(I know you want me baby)
I know want me(ya,ya)
I know you want me
I know you need me
I know want me(you need, need, need my love).....
