[Chorus]

Ahhhh-hahhhh (YEAH YEAH YEAH..)

Yeahh-ahhhh (UHH UHH UHH..)

Ahhhh-hahhhh (C'MON C'MON C'MON C'MON)

Yeahh-ahhhh

You can run if you want to, run because you can't hide  
So you can run if you want to, run because you can't  
hide

[Boogie]

I see you don't know, who you dealin with

But I don't have it all, I'm a lunatic

Cause see society, they labelled me a threat

But I'm just gettin started, I'm not finished yet

Look me in my eyes, I can see your thoughts

All your ups and downs, all your little faults

Keep actin tough, it's gonna get creepy

All of a sudden you're startin to feel sleepy

But in these streets, when you doze off

you wake up wit'cha clothes off, ashamed feelin so lost

Whoa - you see my crew, you know my style

Victory is mine - you're goin down

[Chorus]

[Boogie]

You can hop over the fence, run under the bed

Get down the block but you can't hide

You can stay at your friend's, sleep in your Benz

Free from the sins but you can't hide

We get it poppin baby (right, right, right)

We give it to 'em daddy (true, true, true)

Yo, yo, yo

Yo, yo, now make noise

Yo, yo, make noise

Yo, yeah, make noise
