Visit "[Lucien George 'Lou' - Ain't No Stoppin' Me \(Shelton Benjamin\)](#)" on MotoLyrics.com

Ain't no stoppin me, NOWWWWWWWW!

[Chorus]

You can't rock with me - no stop  
You can't rock with me - no stop  
You can't rock the man - you're drop  
Ain't no stoppin me, NOWWWWWWWW!

[Chorus]

[Lou\$tar]

Goin for it all, just tryin to be the best  
Feel me breakin out, nuttin more nuttin less  
Wanna be known, want some respect  
Throw me anything, I'll pass that test  
Believin in yourself man changes everything  
Yeah I want it all, I'm takin the brass ring  
Call me underdog, you can call me anything  
I got a lot of blessings, that's what faith brings!

[Chorus]

[Lou\$tar]

You wanna start somethin, then go 'head and start somethin  
Any time, any place, dawg it's nothin  
I'm comin from the bottom on my way to the top  
And if things get hard, I still won't stop  
See the ambition is what keeps me goin  
Faith and the blessings what keeps me knowin  
That I'll get it one day, man you'll see  
I'ma just be all the best I can be

[Chorus] - 2X

[Interlude]

No! You can't rock with me  
Uhh

[Chorus] - 2X

[Lou\$tar] - over Chorus second time  
Nah, can't rock with me  
Geah, woo! No!

[Lou\$tar]  
Ha, can't rock with me  
Ha? Ha?  
O-kay!

[Chorus]

[Lou\$tar]  
Goin for it all, just tryin to be the best  
Feel me breakin out, nuttin more nuttin less  
Wanna be known, want the respect  
Throw me anything, I'll pass that test  
Believin in yourself man changes everything  
Yeah I want it all, I'm takin the brass ring  
Call me underdog, you can call me anything  
I got a lot of blessings, that's what faith brings!

[Chorus]

[Lou\$tar]  
You wanna start somethin, then go 'head and start  
somethin  
Any time, any place, dawg it's nothin  
I'm comin from the bottom on my way to the top  
And if things get hard, I still won't stop  
See the ambition is what keeps me goin  
Faith and the blessings what keeps me knowin  
That I'll get it one day, man you'll see  
I'ma just be all the best I can be

[Chorus] - 2X to fade
