[Miestro]

You know it's the mack militant  
(Comin to get it on)  
Uh, uh-uh

[Chorus]

Yeah hey, get out of my way  
I'm comin with thunder and lightning  
and striking I'm inviting all you to the storm

Feel the pain that I try to contain  
My heart is as black as the blood in my veins  
And I'm comin to get it on

[Miestro]

Aiyyo I, break and smash, and straight whip ass  
I can see the fear in your eyes every time that I pass  
I'm intimidatin to most, and feared by many  
But don't tempt me! I'll leave the place empty  
SIMPLY, you get me? I'm low-down gritty and shifty  
I mow down people against me  
Even the best be afraid, cause I approach it  
aggressively  
Especially, when they roll up and test me, yo it's over!  
I'm a, disciplined, militant mind slash tyrant  
If you, look for a style like mine, you can't find it  
Call me the M to the A-C-K  
I break rules if you wanna come and make my day  
Now say

[Chorus] - 2X

[Miestro]

You know it's the mack militant, uhh  
You know it's the mack militant, uh uh-uh

Yo listen, I got a dream like, Martin Luther like  
Malcolm X by any means necessary STRIKE  
for the jugular so, that they remember ya  
Everytime I step in the room I raise the temperature  
I was meant for the crown and I ain't layin it down  
And I ain't waitin around, I'm invading your town

I'm the black soldier, the mack will attack most ya  
Cause I lack composure and act like I'm not supposed  
ta  
It'll take a army to stop me, or haven't you seen  
the size of these arms and how I'm built so stocky  
WHAT? Built so stocky, UH, you can't top me

So you better watch your back, I'm comin and I'm ready  
for war  
I'm ready to die  
I'm a giant, a beast, and I'm tryin to eat  
Survivin the streets for my militans while we sing this

Ohhh-ohh-oh, ohhh-ohh-ohhhhh  
Ohhh-ohh-oh, ohhh-ohh-ohhhhh  
Ohhh-ohh-oh, ohhh-ohh-ohhhhh (just sing it for me  
baby)  
Ohhh-ohh-oh, ohhh-ohh-ohhhhh (yeahhhhh..)  
Ohhh-ohh-oh, ohhh-ohh-ohhhhh (can you feel me Lord)  
Ohhh-ohh-oh, ohhh-ohh-ohhhhh  
Ohhh-ohh-oh, ohhh-ohh-ohhhhh (can you feel me now)  
Ohhh-ohh-oh, ohhh-ohh-ohhhhh (can I get a witness)
