Turn on the tube
and what do i see
the blood of our children
What do you believe?

What do you do
when that's what you see
Do you stand in there in awe
or change the channel on tv

When mommy takes her life
or children use a knife
Who's to blame the network
When its riddles rule our nights

[chorus:]
I am now desensitized
from images that burn my eyes
never seen a brighter sky
than the one that we disguise

I am now desensitized
after going miles and miles
to see the children as they cry
to fight another eye for eye

Lights shine on brighter
to capture the thrill
so frightened and scared
questioning God's will

We could do so much
for this bleeding heart
lift up the spirit
rip vanity apart

We should all go to defense
fight the battle, repeat, rinse
Be sure to bring all of your friends
It ain't over til the movie ends

[chorus:]

I am now desensitized
from images that burn my eyes
never seen a brighter sky
than the one that we disguise

I am now desensitized
after going miles and miles
to see the children as they cry
to fight another eye for eye
