Every woman needs a man to hold
To treat her heart like a crown of gold
Always true, always kind
Think she's precious as a diamond mine

I want a love like that
Yeah, I want a love like that
As a matter of fact
I want a love like that

If I'm cornered by a grizzly bear
Shake his paw and get me outta there
Cross the desert in the burning heat
Just to sweep me right off my feet

I want a love like that
Yeah, I want a love like that
Don't mean to overreact
But I want a love like that

Send a little letter
Every day we're apart
Oh, but bring it yourself
And that'll vaporize my heart, yeah

I don't need money, well not a lot
But bring me every single kiss you got
Warm me up baby nice and slow
Give me fever when it's ten below

I want a love like that
Yeah, I want a love like that
Ain't no holding back
I want a love like that

A lot of people seem to say I do
Then they don't but that ain't nothing new
The kind of feeling that I had in mind
Is gonna last 'till the end of time

I want a love like that
Yeah, I want a love like that

Keep my heart intact
I want a love like that

Yeah, I want a love like that
Oh, I want a love like that
Keep me on the right track
I want a love like that
Yeah, just like that
