

Wrights "Hard Time"

Visit "[Hard Time](#)" on MotoLyrics.com

Better start prayin' child of mine
If you wanna get to the other side
Get on your knees and tell him what you did last night
You're gonna have a hard time, 'til you get it right
You're gonna have a hard time

Tell me now what I'm gonna do with you
Won't do one thing I want you to
And all you can think is who's it gonna be tonight
You're gonna have a hard time 'til you get it right
You're gonna have a hard time

You used to be such a good little girl
Now you gotta problem with the whole damn world
Sleepin' all day and runnin' around all night
You're gonna have a hard time 'til you get it right
You're gonna have a hard time

Better start prayin' child of mine
If you wanna get to the other side
Get on your knees and tell him what you did last night
You're gonna have a hard time 'til you get it right
You're gonna have a hard time 'til you get it right
You're gonna have a hard time
