

Wrights "Home Sweet Highway"

Visit "[Home Sweet Highway](#)" on MotoLyrics.com

Said goodnight in Memphis, we had breakfast in New Orleans

We pulled that Eagle over just across St. Catherine
We got a show down in the Bayou, the place is always packed

We'll give 'em what they came for but then we gotta get back

Home sweet, home sweet
Home sweet highway

Well, there ain't no picket fences but there ain't no grass to mow
And if you don't like your neighbor, well, there's another one down the road
From my kitchen window we've seen most every state
It may not be for everyone but for us there ain't no place like

Home sweet, home sweet
Home sweet highway

Truck stops billboards East, West, South, North
Green grass, blue skies, night time, city lights
Carolina, California, ya gotta love showbiz
Now I know why they say home is where the heart is

Just got in from Dallas and the house still looks alright
Well, it's a nice place to visit but it ain't nothing like

Home sweet, home sweet
Home sweet highway
Home sweet, home sweet
Home sweet highway
