being caught in a hopeless mess  
we're searching for the final solution  
for our fate our hopeless mess  
deriding laughter is your contribution

caught up our mess  
search out solute  
our fate hopeless  
deride tribute  
caught up our mess  
search out solute

why don't you deliver us from pain and evil  
we stand in a quiver of our god and we will  
follow his will as long as he, he will feed us  
but we're not sure if he does really need us

being caught in a hopeless mess

caught up our mess  
search out solute  
our fate hopeless  
deride tribute

why don't you deliver us from pain and evil  
we stand in a quiver of our god and we will

we pray for deliverance for all our souls

why don't you deliver us from pain and evil  
we stand in a quiver of our god and we will  
follow his will as long as he will feed us  
but we're not sure if he does really need us
