### "Hold"

Time your time  
It fades away  
I feel my time  
My life runs out

So hold you darling  
Your darling in your arm  
Because it leaves  
Very soon soon

Dance again  
With me and we  
Will find and end  
For all I call

Leaving  
Time your time  
It fades away  
I feel my time  
My life runs out

So hold you darling  
Your darling in your arm  
Because it leaves  
Very soon soon

Dance again  
With me and we  
Will find and end  
For all I call

Leaving
