Do you know the danger's night
Do you think you can resist
Many came to win the fight
Many lifes were deadly kissed

Du bist besessen du bist besessen
Zu trinken ihr blut zu trinken ihr blut
Und zu toeten die bestie den wolf

It already scents your track
It already smells your trail
Feel its anger in your neck
Feel the panic you will fall
Death is calling baby the wolf is calling

Du bist besessen du bist besessen
Zu trinken ihr blut zu trinken ihr blut
Und zu toeten die bestie den wolf

Death is calling baby the wulf is calling
