INTRO

Quit leaving
A trail behind
Everywhere you go
There's something I find
Always pick the night to do your crime
Reminds me of your heart
And the way it never shines

VERSE 1

Run out of town, before you capsize
As you look back I see it in your eyes

PRE-CHORUS

Cause the midnight owl
Is about to prowl
And I
Need to warn
Jet for cover
Tell all the others
When it's dark
Don't look to the sky

CHORUS

Wait for
Wait for the sun to dim
You know he's never going to shed his skin
Pace your stride
You need to hide

VERSE 2

Traces of blood scattered everywhere
The more you kill
The more you just don't care

PRE-CHORUS

Cause the midnight owl
Is out on the prowl
And I
Need to warn
Jet for cover

Tell all the others
When it's dark
Don't look to the sky

CHORUS x2

Wait for
Wait for the sun to dim
You know he's never going to shed his skin
Pace your stride
You need to hide

You need to hide
Yes you do
Run out of town, before you capsize
