Drug abuse it's not my thing
something thing I never use
I know a stronger thing that kicks me up
and really do the thing

cause I'm addicted to a dream
that keeps me up and makes me scream

I'm a rockoholic - nothing gonna stop me
I can't live my life - without my rock'n roll
I'm a rockoholic - addicted to the music
I can't goin'on
without an overdose of rock'n roll
an overdose of a rockoholics dream

It's friday night - get my guitar on
soon I see the light
now and then - get my amps on ten
I think I'm always be on the run

cause I'm addicted to a dream
that keeps me up and makes me scream

I'm a rockoholic - nothing gonna stop me
I can't live my life - without my rock'n roll
I'm a rockoholic - addicted to the music
I can't goin'on
without an overdose of rock'n roll
an overdose of a rockoholics dream

I'm a rockoholic.....
