I was tryin' to get over you  
but I remember everything you do  
right from the start of the time when you loved me  
from your heart

during the time when I was close to you  
when I really put a spell on you

I don't wanna waste time for you  
I don't wanna waste time for you

Rain keeps fallin' down on me  
when it's all about you and me  
I think it's our destiny  
Rain keeps fallin' down on me  
Rain keeps fallin' down on me  
when it's all about you and me  
I think it's our destiny  
Rain keeps fallin' down on me

Look at everything that come and gone  
now when I'm sitting here on my own  
pretend that your feelings for me will still be strong  
from your heart  
when the feeling is ended  
there aint' no use in pretending

I don't wanna waste time for you  
I don't wanna waste time for you

Rain keeps fallin' down on me  
when it's all about you and me  
I think it's our destiny  
Rain keeps fallin' down on me  
Rain keeps fallin' down on me  
when it's all about you and me  
I think it's our destiny  
Rain keeps fallin' down on me

I start to screamin' when I'm walking in the rain  
I have no attention to cause you any pain

lovin me for who I am - now

Rain keeps fallin' down on me  
when it's all about you and me  
I think it's our destiny  
Rain keeps fallin' down on me  
Rain keeps fallin' down on me  
when it's all about you and me  
I think it's our destiny  
Rain keeps fallin' down on mer
