[Tasha]

Uh

Yeah

Double trouble

Lady T

Double

Chorus:

[Double] Never felt like this before

My heart's beating fast

[Tasha] Let it flow, just

Let it go

[Double] I'm falling in love

Never felt like this before

But

Now I'm so sure

[Tasha] Let it go, just

Let it flow

[Double] I'm falling in love

[Both] With you

[Tasha]

(Verse 1)

Your eyes aphrodisiac, you got me actin' silly

Marinate my soul, with your finger tip milky

Similac, smooth with your lips silky, silky

Oooh! I'm getting dizzy like I spun 360

You put me in the mood to be

Very bad and kinky

I know you feel the same because your body keeps
telling me

Now play me on the right spot, I'll be your sweet
melody

Sock it to me (Uh!)

Make it last til infinity

Old school love, it's like deja vu

Ever since we met, can't stop thinking about you

True, we barely know each other

I'm not tryin' to be your lover

I just want to try and get to know you better

So

Don't deny, what you
Feel inside
I'm sensin' a vibe, but we ain't got a lot of time, so
Here's my number
Gimme a call
Cause if you feel the same way, there's no time to stall

Repeat Chorus

(Verse 2)
Hey you (Hey you)
I barely know your name (What's your name?)
I'm feeling somewhat the same, but one thang has
changed
I must confess, I think about us undressed
Caress your back until you feel the (Uh!)
Never the less
I know you feeling me
You needing me
But you gotta let me know
So if you really want me, baby boy, let it show
I ain't the type to sit around and just wait
So when you strike the nerve, it just might be too late

[Double]
Stop, playing these games
Let's do this
I really need to know
If, you feel the same way too
Boy let me know
You
Boy, you got the stuff
I need you
To know what I mean
So just let it, happen
You'll see

Repeat Chorus Twice

Hook: Double
Never felt like this before
I wanna know you much more
Even if you have a girl
I don't need to make it sure

Repeat Hook

(Verse 3)
what up boo, yo, I knew you'd come around
Whisper in my ear, yeah, I like the way that sound
It took some time, but now it all makes sense

It's only been a day but now my feelings grown intense
It's
So much more than I
Hoped it would be
I can't describe the feeling when you put your arms
around me
Old school love, it's like deja vu
Ever since we met, can't stop thinking about you

Repat Chorus Twice

[Tasha]
Double
Lady T
Double trouble
Uh huh
Like this
Uh
That's
Signing out like this
The outro
