[Conejo]

Turn my mic up Bandit  
Hell yeah  
That's right, we're back  
Just more motherfucking feria involved  
Tattoo Ink, Conejo and Buggy homie  
That's the way it's going down  
It's like this, what we got

[Conejo]

Quieren tinta, I got you fiending  
Ese waiting till it drop, these punk bitches be scheming  
Go to sleep em, fucking bullets receive em  
But no matter what you think ese the Ink will deceive em  
Bang tough on these vatos, hit a twenty dollar sherm stick  
Gone out my mind, this loquera's a trip  
But I'm a raptor and that's a bird of prey  
So you vatos better pray for a slight delay  
Hit the yayo, I give the orders  
Cuz we're the only dopers on the block and we're holding  
Plenty iron, death blowing them kisses  
Venom be the expert of disposal business  
Doom sayer, I'ma put it into you player  
And kick it so solteric, hydroponics and bitches  
Tattoo Ink, that's Conejo and Buggy  
Tell your lady that we're here, it's the real that she wanted

[Buggy]

Oh no, you didn't see us coming  
Oh no, you vatos want nothing  
Yeah you know the realest, come on  
Ese gangster better leave it alone  
Buggy, Conejo, Bandit, Veneno  
Tattoo Ink, Tattoo Ink  
Oh no, you didn't see us coming  
Oh no, you vatos want nothing  
Yeah you know the realest, come on

Ese gangster better leave it alone  
Bugsy, Conejo, Bandit, Veneno  
Tattoo Ink, Tattoo Ink

\*samples from Blood In Blood Out\*  
...you're on the clock bitch and midnight is coming..  
...most of these cons don't click..  
...there's just filling space, doing time..  
...it's the gangs that run this place..  
...ey que chingues traies..  
...what the fuck you let those putos disrespect you like  
that for ese..  
...take it easy carnal..  
...you're ranking it for the rest of the homeboys..  
...you're on the clock bitch and midnight is coming..  
...you're on the clock bitch and midnight is coming..

[Bandit]
