Rapping out of my head

Can't get myself out

I'm gonna rap tonight

Chorus

Are you gonna rap tonight

cause you're all that matters to me

So bring me down tonight

I'm not gonna rap my head out

cause you're on it tonight

Okay we got something else to do

Rap me out cause you are gonna rap

Tonight I don't wanna know who you are

Plus I'm gonna end you up to me

Guns around me I'm gonna rap my A's

tonight so you're gonna rap me out

not losing control because of you
