[Verse 1]

I live life lavish and my chain is karats  
The last name on the train to Paris  
Used to be lame, then attained the merit  
So many hoes can't name the ?  
Dynamics: I want the fame  
And my name engraved in granite  
Forget the lame that came to grab it  
You moving sideways, change your habits!  
Used to rock minks, then I changed to rabbit  
From other ?  
Used to be righteous, but changed to savage  
Bang my record like Bangkok, dangerous  
36 Chamber fist, trianglist  
Watch me mangle this Star Spanglist  
Rock cowboy Wranglers, creating mega-hits  
I'm from the grain, came by my fingertips

Yeah! Killa Hill lay it down!  
Killa Bees on the swarm!

[Verse 2]

Ayyo I fly down ?  
Fuck it, it seems like the drama never ends  
Being in the projects, like I never left  
? see a nigga stretched out  
I can't take it, seems like the hood is cursed  
Bad niggas, I thought that the good was first  
My old whore, she wants ?  
She don't learn shit, a childish brain  
I'm out here, fuck it like I live on ?  
RICO: keep a low cut like Margie  
I don't give a fuck, y'all made me bitter  
I'mma let your kids out like a babysitter  
I'mma grown man, but I'm young in the mind state  
Live in every burrough - New York is my tri-state  
Test me: you know I brought a bitch on the tour bus  
Pour piss on you, leave you stuck for 4 months  
My head fucked up, I walk like ? street  
Don't make me pick the 9 up, I come from mean seeds  
My ? snitched on me, ratted me out

They all ganged up on me tried to take my mouth
