*[*glasses/jewelry tinkling*]*

You my Daddy whore [2X]

*[*laughing*]*

[Cappa] Whoever she gonna do anyway

But bust it, bust it though baby, bust it

Who else, who else is gonna...

[Verse One: Ol Dirty Bastard]

This is dedicated to all you bitches

Knew this bitch named Traj, she had a hella fine ass

Candy-ass, blew my hole in the past

Niggarette gave me gonorrhoea

Pussy dick to the tippy toe like ballerina

Boy you shoulda seen her

She had a babyface creamer Purinas

Called up talkin Tina

I put my dick in a broom

She blew my head like a balloon

I had her walkin on the moon

[Verse Two: Cappadonna]

Yo, I seen you at the five and dime wastin your time

Oh you shine, I'm lookin at your ass from behind

You walked by smellin like watermelon

You might make me a felon, my eyeballs swellin

My nuts start yellin, excuse my prick

Wanna have a talk with you, I'm sick

My medicine is can I walk with you, fantasy

After that we can cheat, laid on the bed

Handcuffed with hard meat, long stroke smackin

Smack it then broke, nothin can't stop my

continous poke, compound

Porno flick music, Daddy came with it when I wrote it

[Verse Three: Ol Dirty Bastard]

Dirt Dog be bouncin on bitches like fog

I pollute the air up like smog, bitch

I'm up my jacuzzi, peepin this smoothie

My bitch is a floozy, Dirt Dog ain't choosy

Pussy move me, pretty black dick up in the booty
I like it muddy or swampy
By now you find your ass up shitty creeky
Don't got no fuckin room me and my momma and my
TV

Blackberry squeeze
Bitch who a tease, titties small, I got used to the
squeaks
Fuck that shit, I'm through with this bitch
Old hen please can't get a bank of these
welfare cheese, now to blow fifty G's
overseas, I'm doin the breeze, in my 850

[Verse Four: RZA]

Suicidal, she been in more hotels than bibles
Idle worshipping bitch wasn't the type to make bridle
Sprung, on how the bitch maneuvered her tongue
>From the top of his dick, to the bottom of his ass split
I told the God to jet quick this wicked bitch was a harlot
but had him trapped up inside the Charlotte Web
She wasn't choosy fucked for movie and a loose leaf
cigarette, pussy stay wet and juicy like lemons
Big ass in tight denim
Had the most faithful niggaz sinnin against their
women
and enjoyed, to watch relationships get destroyed
This unemployed welfare bitch was non-void
and shameless, her attitude was blameless
Even though she had a hundred dicks on her namelist
Her obsession, caused niggaz to get, the ass cheek
injection
The bitched lied, said she had urinary tract infection
I tried to warn em, and bomb em, but she conned em
Wanted niggaz to fuck her raw dog without no condom

*[*woman moans*]* ooooooh, ahahhh, ohh

[Wu-Tang movie samples]

You people are all trying to acheive the impossible
That's exactly what we've done
But you'll fail, and you'll all die
If we die, the next generation will fight them too
And the one after them, for as long as they must
And eventually we shall succeed
