\*glasses/jewelry? tinkling\*  
You my Daddy whore (2X)  
\*laughing\*

Whoever she gonna do anyway  
But bust it, bust it though baby, bust it  
Who else, who else is gonna...

Verse One: Ol Dirty Bastard

It's dedicated to all you bitches  
Knew this bitch named Traj, she had a hella fine ass  
Candy-ass, blew my hole in the past  
Niggarette gave me gonorrhea  
Pussy dick to the tippy toe like ballerina  
Boy you shoulda seen her  
She had a babyface creamer Purinas  
Called up talkin Tina  
I put my dick in a broom  
She blew my head like a balloon  
I had her walkin on the moon

Verse Two: CappaDonna

Yo, I seen you at the five and dime wastin your time  
Oh you shine, I'm lookin at your ass from behind  
You walked by smellin like watermelon  
You might make me a felon, my eyeballs swellin  
My nuts start yellin, excuse my prick  
Wanna have a talk with you, I'm sick  
My medicine is can I walk with you, fantasy  
After that we can cheat, laid on the bed  
Handcuffed with hard meat, long stroke smackin  
Smack it then broke, nothin can't stop my  
continous poke, compound  
Porno flick music, Daddy came with it when I wrote it

Verse Three: Ol Dirty Bastard

Dirt Dog be bouncin on bitches like fog  
I pollute the air up like smog, bitch

I'm up my jacuzzi, peepin this smoothie  
My bitch is a floozy, Dirt Dog ain't choosy  
Pussy move me, pretty black dick up in the booty  
I like it muddy or swampy  
By now you find your ass up shitty creeky  
Don't got no fuckin room me and my momma and my  
TV  
Blackberry squeeze  
Bitch who a tease, titties small, I got used to the  
squeaks  
Fuck that shit, I'm through with this bitch  
Old hen please can't get a bank of these  
welfare cheese, now to blow fifty G's  
overseas, I'm doin the breeze, in my 850

Verse Four: RZA

Suicidal, she been in more hotels than bibles  
Idle worshipping bitch wasn't the type to make bridle  
Sprung, on how the bitch maneuvered her tongue  
From the top of his dick, to the bottom of his ass split  
I told the God to jet quick this wicked bitch was a harlot  
but had him trapped up inside the Charlotte Web  
She wasn't choosy fucked for movie and a loose leaf  
cigarette, pussy stay wet and juicy like members  
Big ass in tight denim  
Had the most faithful niggaz sinnin against their  
women  
and enjoyed, to watch relationships get destroyed  
This unemployed welfare bitch was non-void  
and shameless, her attitude was blameless  
Even though she had a hundred dicks on her namelist  
Her obsession, caused niggaz to get, the ass cheek  
injection  
The bitched lied, said she had urinary tract infection  
I tried to warn em, and bomb em, but she conned em  
Wanted niggaz to fuck her raw dog without no condom

\*woman moans\* ooooooh, ahahhh, ohh

You people are all trying to acheive the impossible  
That's exactly what we've done  
But you'll fail, and you'll all die  
If we die, the next generation will fight them too  
And the one after them, for as long as they must  
And eventually we shall succeed
