[Raekwon the Chef]

The Fuck?
It's just the new way of thinkin
Light up the broccoli kid
Throw the relish in my back pocket
Keep your eyes open
Push your seat back, just flow...
That's how we doin it

Bound by honest sword take over the set; rap from
here to Que-bec
Throw up the tech, crash your intellect select a vet
Swimsuit mammal handle, yo every fly vandal go to
project
Slam you like Hamill's wife 'fore the scandal
Wally sandal just a sample, my niggaz fertilize
thoughts
Yo mad support drink a quart then bamboo
When nasty can blew, my pen sterile won't perform if
I'm not lampable
Askin my man'll get you slapped down; play the
anthem
Lit it who wit it champagne get it, that's the ticket
Solid nines soundin like crickets snatchin worker
shipment
Pull the air, long dick it, we talk right before we left
lifted
Just like a long sleeve, guess who rip it?

[God] Projects

[Rae] My niggaz survive, just like a movin target

[God] Projects

[Method Man]

Sign of the times, conspiracy to overthrow the mind
Behind every fortune there's a crime
This technique is tech-9
Blast at any Close Encounter of the Third Kind
This be the evil that man do, we dismantle, any
adversary
Them niggaz all thumbs and can't handle, my flurry
Hear me, you jam all you want to scare me
Don't even kid me, shit in my coke aimin at cha kidney

Pressure, Red Hot like Chili Pepper
Black 'n Decker, hardware avoid the leper
Five o'clock shadowboxer, hold down the sector
Bet ya bottom dollar lecture, be hard to swallow
Double oh-seven mark
The secret agent that Max/well and Get Smart, through
entertainment
Welcome to The Killin Fields, with Johnny Dangerous
Headbanger boogie niggaz goin thru changes

[God] Projects

[Rae] My niggaz survive, just like a movin target

[God] Projects

[Rae] Where niggaz live and some sell garbage that's

[God] Projects

[Rae] Try to escape the flyin shells dodgin

[Ghostface Killah]

Suck my dick it's the kid with the fat knob
I bust all into ya face, plus it come in globs
Quick get on your knees, with yo' sweet pussy let it
breathe
Two fingers is all in your hole, think I can fit three
Your pink lips, spread it in shit, let me throw my dick in
Grab my shit and place it gently, on your clit
Ping-pong pussy, wide world of wombs titty saggin
Stomach on some sciveled up prune shit
Too much air in your pussy you screamin that it's
TALKIN TO YOU DADDY, fart's breathin out your lips
splashin my dick badly
Use vinegar, to try to tighten up your ginger
All-mighty dick, ran in with a cape, some call him
engine
Lightning rod bob, black candy cane attached to God

Thick, like a great adventure cigar, in your garage
Pregnant pussy have you fall out, like Remi on the
house
Watch the teeth for slobbin my shit
You bit it on the couch, dry pussy leave the friction
burns
Plus beef I hone, the condom broke
Bitch you got AIDS I'm shakin in my bones
