[Chamillionaire - talking]

Ye it's color changin click camp
Can't have no koolade in ya blood
Can't ?? ya nails around here
Can't be scared to get ya hands dirty
Ya gotta talk wit a purpose and walk wit a purpose
Theres a fine line between conceited and some
cockiness
So when a nigga tell you you ain't the man
Shut the hell up nigga, and stand back
I got this

[Hook- Chamillionaire]

I am a warrior, I am a warrior (ye who you wit man)
Color changin army, color changin army (I can't hear
you)
I am a warrior, I am a warrior (ye)
Color changin army, color changin army

[Chamillionaire]

-Chamillitary mayne ye
When this team, spit teams
Six teens this means, its dreams
You must be havin you think, you messin with this king
Or his team, forgetting that this team do big things
Get green split cream, and it sound like chu-ching
Yeah its true chamillitary is king of this team
But this means if ya ever wishing
That this team splitting, uh ya havin a sick dream
Forgetting that this team, is shadow under his wing
I'm spitting as much ballin, but I still got a bling bling
Watch the watch sing, be like bada bing bada bling
I'm still chamillitary the down south don king
I ain't gotta fight, until one of my soldiers off of that
ring
Ya bound to get hurt, bound to dround in the dirt
And show a hater the true meaning of being down to
earth
Theirs been a lot of controversy sorrounding the kid
album
Then drop on a 22's with my vehicle did

[Yung Ro]

Ay play ya part ?? soldiers til ya mission is up
Just listen to us, and learn how we gettin these bucks
Aint wishin for luck, its crazy how these hits comin up
Fuckin wit us pointless, like being high pissed n then
cuffed
Gettin this bucks, is light weight rippin it up
Aint like the order of the game, now we switchin it up
I'm like the feelin when ya first slide ya dick in the slip
And you smell like virgin pussy, I'm fixin to bust
And when my game get to swormin, niggaz rang the
alarm em
Get the fuck outta here cause color change is the army
Imma mutha fuckin warrior, peep my scars
And I know I wouldnt be a warrior, without a war
So Imma fight through it all, eatin tryna get full
Got the heart of a lion, to above a pitbull
I'm in nobody land so come try me bitch
We R-A-W the grimiest
NOBODY!

[Hook- Chamillionaire]

I am a warrior, I am a warrior
Color changin army, color changin army
I am a warrior, I am a warrior
Color changin army, color changin army

[Rasaq]

-Uh Rasaq ye ye
Salute me, or shoot me
Theres no eatin for free
I eat wit the, intentions of obesity
Mad as a mobster, snackin on pasta
Chain on my neck so heavy, that my backs changin its
postier
Every nigga hope they don't wait on my roster
And you still need ya homies to spot you nigga
Boys is obselete, can not compete
We rockin streets, without puttin rocks on the streets
Just rocks on the teeth, rocks on the peice
Hot as the heat, that lay under the bottom of seats
We bring drama to beats, karma for freaks
I mean what I speak, this carasine lost in the heat
This is rock ya to sleep, kiss on the cheek
Piss on ya sheets, shit on ya teeth
Sit on you dicks, like a boogie at school
Wit wats full of his drool, this litte niggaz a fool
Take a look for the syllables, and get him to do
They can't get him to school, This niggaz a fool

[50/50 Twin]

No smerks no smiles no sleep no slack
Execute gonna defeat, retreat then come back
You hungry then eat, I'll check m.r. he pack that
This meals ready to eat, ay ain't no season with that
You a freak that distract, and leap on ya sack
Get stacks, freaks ain't bout jackin
Through back that lac, keep the motive that static
If ya expression show happy or sad (relax)
We are not to get along, gang or the care bear club
Please get in your brain, that theres no love
It's simple and plain, I have no hugs
You think this is a game?
Since that will be snakes and fake hand shakes
Go ahead shake his hand (but make sure his hand
breaks)
Chamillitary get dough, but don't fuck with them cakes
Sloppy joe ass niggaz, or any man which
Twitch like a damn chick, act like a damn bitch
Go get the brains quick

[50/50 twin talking till hook]

[Hook- Chamillionaire]

I am a warrior, I am a warrior
Color changin army, color changin army
I am a warrior, I am a warrior
Color changin army, color changin army

Left left left right left
Left left left right left
Left left left right left
Left left left right left
