If you want to sleep, I'll pull a shade
If you should vanish, I'm sure to fade
If you should smolder, I'll breath in your smoke
If you should laugh, I'll smile and pretend that I made
the joke

And if you should ever leave me, I will
crumble
That's just the way I am,
I hope you never leave me
That is to say

If you should sink I don't want to swim
If you lock the door, I'll beg to come in
If you should sing, I wont make a sound
If you should fly, I'll curse the ground

And if you should ever leave me I will
crumble
That's just the way I am,
I hope you never leave me
That is to say, I will crumble, I will crumble, and I will
crumble

If you're an explosion, I wont search for shelter.
If you're the sun, I'll sit here and swelter.
If you're the moon , I'll stay up all night.
If you're a ghost, I'll be haunted for life.

And if should ever leave me, I will crumble
That's just the way I am,
I hope you never leave me
That is to say, I will crumble, I will crumble, and I will
crumble..

I will crumble
I will crumble
I will crumble
I will crumble
I will crumble
I will crumble
