We know you've deceived us
Now here's a surprise
We know that you have
'Cause there's magic in our eyes

We can see for miles and miles and miles and miles
and miles
Oh yeah

If you think that we don't know about
The little tricks you've played
And never see you when
Deliberately you put things in our way

Well, here's a poke at you
You're gonna choke on it too
You're gonna lose that smile
Beacuse all the while

We can see for miles and miles
We can see for miles and miles
We can see for miles and miles and miles and miles
and miles
Oh yeah

You took advantage of our country's trust
Day by day
We saw you holding lots of nukes
And now you've got the nerve to say

That you still want peace
Well, that's as may be
But you gotta stand trial
Because all the while

We can see for miles and miles
We can see for miles and miles
We can see for miles and miles and miles and miles
and miles
Oh yeah

We know you've deceived me
Now here's a surprise
We know that you have
'Cause there's magic our my eyes

We can see for miles and miles and miles and miles
and miles
Oh yeah

The Eiffel Tower and the Taj Mahal
We cannot see on clear days
You thought that we would need a crystal ball
To see right through the haze

Well, here's a poke at you
You're gonna choke on it too
You're gonna lose that smile
Beacuse all the while

We can see for miles and miles
We can see for miles and miles
We can see for miles and miles and miles and miles
and miles
And miles and miles and miles and miles

We can see for miles and miles
We can see for miles and miles
We can see for miles and miles
We can see for miles and miles
