Late at night you called on a phone,
We talked about the day,
When you found out he was cheating.
You tell that it hurts to the bone,
To trust someone that way.
To find that he was deceiving,
And I know I've always just been your friend,
But if you look my way,
I'll make sure you'll never hurt again.

Do you know I exist, just to promise you this,
Endlessly to be true to you,
And if you answer my prayer,
I cross my heart and I'd swear
Endlessly to be true to you,

And if you'd only see,
How beautiful you and I would be, endlessly.
Ohh, oh yeah.
I remember when you fell in love,
I could not believe..
That it was not with me
I sent a secret prayer up above,
And put my heart away.
So that you could be free.
And I know that right now you're broken in two,
But did you know my heart's been broken since that
day I met you.

Do you know I exist, just to promise you this,
Endlessly to be true to you,
And if you answer my prayer,
I cross my heart and I'd swear
Endlessly to be true to you,

And in my sweetest dream,
You've learn to put your faith in me, endlessly,
Sometimes the thing you need,
Is the one thing you can't see
If you put your faith in me,
How beautiful you and I would be.

Do you know I exist, just to promise you this,
Endlessly to be true to you,
And if you answer my prayer,
I cross my heart and I'd swear
Endlessly to be true to you,

And if you'd only see
How beautiful you and I would be, endlessly
