Someone falls to pieces
Sleepin all alone
someone kills the pain
spinning in the silence
To finally drift away
someone gets exited
In a chapel yard
Catches a bouquet
Another lays a dozen
White roses on a grave.

To be yourself is all that you can do.
To be yourself is all that you can do.

Someone finds salvation in everyone
And another only Fame
someone tries to hide themselves.
Down inside their selfish brain.
Someone swears his true love
until end of time
Another Runs away
Seperate or united?

Healthy or insane?

To be yourself is all that you can do.
To be yourself is all that you can do.
To be yourself is all that you can do.
To be yourself is all that you can do.

You can be fading up
and pulled apart
or been in love
Every single memory of
Could have been faces of love
Don't lose any sleep tonight
I'm sure evrything will end up alright
You may win love

To be yourself is all that you can do.
to be yourself is all that you can do.
