Holla Holla Holla

So all my girls in the club say hm, 'cause you know just  
how we do.

Time to say, I want you back. If you ain't taken that,  
Holla Holla.

For satisfaction, you independent got your own things  
right there Holla Holla.

For satisfaction, you independent got your own things  
right there Holla Holla.

Oh this beat is hot, tonight it's on.

I am feeling sexy, I want to be in control.

Hands on my business, I am not afraid.

I am doin' nothin', and I'm doing this

So all my girls in the club say hm, 'cause you know just  
how we do.

Time to say I want you back. If you aint taken that, Holla  
Holla.

For satisfaction, you independent got your own things  
right there Holla Holla.

For satisfaction, you independent got your own things  
rightthere

Holla Holla.

I know you like, what you see.

Are you sure, you want to step to me?

Hop in my Jag', baby we can go.

Just remember, you got'ta keep it up for me

So all my girls in the club say hm, 'cause you know just  
how we do.

Time to say I want you back. If you aint taken that, Holla  
Holla.

For satisfaction, you independent got your own things  
right there Holla Holla.

For satisfaction', you independent got your own things  
right there Holla Holla.

We roll down one way.

We push down straight.  
When we pull in the club my boys pop in.

We independent.  
We don't need it, but we take what you got.  
We all hot outside, so hit the top on the drop.  
I'm understanding, you can't stand me because I'm so  
outstanding.  
Fools demand me like I'm candy 'cause my body's  
slamming.  
I'm always fly, always shine, always grind;  
More than a dime and don't even try.

So all my girls in the club say hm, 'cause you know just  
how we do.  
Time to say I want you back. If you aint taken that, Holla  
Holla.  
For satisfaction, you independent got your own things  
right there Holla Holla.  
For satisfaction, you independent got your own things  
right there Holla Holla.
